## Premier Engineering Limited

GLENBANE | HOLYCROSS | THURLES | CO. TIPPERARY

### OVERVIEW

Premier Engineering Limited was incorporated in 1979 and is a family run business.

We have outlined for your perusal a number of construction projects we have completed in the past 10 years both in Ireland and the United Kingdom. We construct developments in both traditional block and also timber frame construction.

Our team at Premier Engineering Limited pride ourselves on working to a very high quality level of construction, whilst working in compliance with updated building regulations and in conjunction with all relevant county and city councils for all civil works..

Premier Engineering Limited are registered members of Home Bond, and are fully N.S.A.I audited and compliant.

We hold a tax clearance certificate and all the relevant health and safety certificates and all relevant insurances in date.

We also hold a five year All Ireland Waste Environmental Permit, thus ensuring each site meets the demands of Environmental Safety and waste removal issues.

We will be happy to provide any further details or information required.
